

## Plug Connections for Thermocouples (909760)

- For temperatures from -60 to +200 °C
- Easy replacement with permanently installed cable
- Quick connection of measuring devices for test purposes

### Order details

(1) Part number	
00044255	Standard connector (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00044256	Standard connector (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00049880	Standard coupling (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00049881	Standard coupling (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00057277	Standard connector (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
00057278	Standard coupling (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
00057279	Standard socket (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00057280	Standard socket (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00057281	Standard socket (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
00057283	Miniature connector (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00057284	Miniature connector (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00057285	Miniature connector (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
00057286	Miniature coupling (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00057287	Miniature coupling (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00057288	Miniature coupling (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
00057289	Miniature socket (free from thermal emf) for temperatures from 60 to +200°C / Fe-CuNi J / plastic / black
00057290	Miniature socket (free from thermal emf) for temperatures from 60 to +200°C / NiCr-Ni K / plastic / yellow
00057291	Miniature socket (free from thermal emf) for temperatures from 60 to +200°C / Pt10Rh-Pt S / plastic / green
