

## Relay Module 4-Channel (705015)

- 4 relay outputs with changeover contact AC 230 V/3 A
- Automatic configuration after exchange of the module insert (Plug and Play)
- Connection of outputs on the front
- Removable terminal strips with PUSH IN technology
- Quick wiring of operating voltage and system bus achieved by simply plugging the modules together

### Order details

<b>(1) Basic type</b>	
705015	Relay module 4-channel
<b>(2) Voltage supply</b>	
36	DC 24 V +25/-20 %
<b>(3) DNV GL approved</b>	
000	Without approval
062	With DNV GL approval

### Order code

(1) (2) (3)  
 /  /

Planning data: module width 22.5 mm, current consumption 120 mA

Power supply unit with GL approval required (e.g. type 705090).
